OVERTURE

So fashionable, we should have named it in Italian.

Timeless designs carry a certain power. The power to soothe the eye. To calm the senses. It's the sort of power you wouldn't expect to find in cold steel and chrome. Unless, of course, you've tried our new Overture case. With its elegant piano-black finish, blue LED illumination and chrome accents, Overture blends gracefully into any living space. And its customized TruePower power supply delivers astonishingly quiet operation. So welcome Overture into your living room. Your TV room. Or anywhere that's fashionable.

Quiet Computing™ Features Will Reduce Audible Noise by Up to 80%

- Quiet-enhanced TruePower power supply
- Vibration dampening mounts for hard drives
- Intelligent fan balances cooling with quiet

UPC 761345-15728-5
