Logitech® MX™700 Cordless Optical Mouse

Cordless • MX™ Optical Engine • Mac • Optical • PC • PS/2 • Rechargeable • USB

Logitech MX700—because you demanded more from your mouse. Featuring the Logitech MX Optical Engine for responsive tracking, Cruise Control™ for efficient scrolling, rechargeable Fast RF cordless technology for superior performance, and a rapid charge base station for continuous power. Business never stops, neither should your mouse.

The Logitech MX700 just raised the bar of expectation on precision and control. With its powerful MX™ optical engine, the MX700 instantly responds to even your fastest movements. The rechargeable Fast RF cordless technology gives the responsiveness of a corded connection, but without the cord. Our two Cruise Control™ buttons provide continuous scrolling through long documents or websites. And the rapid charge base station acts as a receiver and a charger in one. You made the demand so we built the device.

- MX Optical Engine delivers more accuracy and control on more surfaces than ever before
- Fast RF cordless technology delivers corded quality on a cordless device in a six foot range, even on crowded desks.
- Rapid charge base station ensures that your mouse is always ready.
- Cruise Control™ scrolling system provides more efficient scrolling through long documents or web sites, and two thumb buttons let you quickly move forward or back between pages on the Internet.
- Quick Switch Program Selector lets you switch between active programs and documents easily.

Engineered for Advanced Precision and Control

- New benchmark in optical systems combines high resolution and high frame rate to achieve superior performance.
- Ground-breaking new engine captures more data every second, measuring even the smallest movement.
- 800-dpi sensor ensures unparalleled accuracy.

- Advanced digital radio technology provides the performance of a corded USB device within a six-foot range.
- Rapid charge base station combines both receiver and charger in one to ensure that your mouse is always ready for work (or play).
- Cruise Control™ system combines two buttons with scroll wheel to ease scrolling through long documents or web sites.
- Quick Switch Program Selector moves you between active documents and programs.
- Two thumb buttons let you move forward or backward between pages.
- Sleek contoured shape fits snugly into your right hand.
- Five-year warranty
